COMING SOON!

Red Ridge Residential are delighted to market this beautiful, four-bed refurbished cottage, located in the quiet, coastal Preston Village.

The entire property has undergone a stunning transformation, with a super stylish finish throughout the interior, yet still retaining the charm and charisma from the outside.

Unfurnished throughout, the property features a large living room to the front of the house, complete with laminate flooring and a bay window allowing lots of natural light, with a contemporary fireplace for those cosy nights in.

The property's kitchen will take your breath away - the built in units, including electric oven and concealed dishwasher are smart and modern, but the size of the room is perfect for larger families or young professionals sharing. The kitchen island houses the sink and dishwasher, and is ideal for food preparation.

Just off the kitchen is a utility room with second sink, leading into the garden, which is beautifully finished half and half with patio decking and artificial turf. Patio doors from the kitchen also open out in the garden, perfect for Summer time BBQs and parties!

All four main bedrooms boast en-suites with shower, sink and toilet, and one bedroom even benefits from a private dressing room in the loft!

The property's superb location makes the Coast and the City Centre easily accessible, and will appeal to families being in the catchment area for a number of revered schools.

To book a viewing, get in touch!
